

Citizen's Charter

ABVGMC, Vidisha

This charter seeks to provide a framework which enables our users to know standard of services:

- The service available in the hospital.
- The quality of services they are entitled to, influenced by patient load and availability of resources.
- The means through which complaints regarding denial or poor quality of services will be attended to.
- We ensure that all our users receive courteous and prompt attention.

At ABVGMC, Vidisha & Associated Hospital we respect the individuals and their personal and unique needs. We expect that the observance of patients' rights will support mutual cooperation and greater satisfaction for the patients and hospital staff alike.

As a patient you have the right to

- Know the name, identity and professional status of all the people providing services to you and to know the physician who is primarily responsible for your care.
- Receive complete and current information concerning your diagnosis, treatment and prognosis in terms that you can understand.
- Accept or refuse any procedure, drug or treatment, and to be informed of the consequences of any such refusal. If there is conflict between you and your parents/ guardian regarding your exercise of this right, you and parents / guardian may need to participate in conflict resolution procedure.
- Expect that all communications and records related to your care will be treated confidentially.
- Obtain supportive care, particularly in critical illness or terminal illness, in management of severe pain and in bereavement.
- Obtain consultation with another physician regarding your care. This consultation may result in additional cost to you or your family.
- Request consultation with the hospital Ethics Committee regarding ethical issues involved in your care.
- Be transferred to other facility at your request or when medically appropriate and legally permissible. You have a right to be given a complete explanation concerning the need for such transfer. The facility to which you will be transferred must first accept you as a patient.
- Know if your care involves research or experimental methods of treatment. You have the right to consent or refuse to participate.
- Examine your bills and receive an explanation of the charges regardless of the source of payment for your care.
- Be informed of any hospital polices, procedure rules & regulations applicable to your care.

As a Patient it is your responsibility

- To provide all personal and family health information needed to provide you with appropriate care. This includes reporting if you are in pain, or require pain relief.
- To participate to the best of your ability in making decisions about your medical treatment, and to comply with the agreed upon plan of care.
- To ask questions to your physician or other care providers when you do not understand any

information or instructions.

- To inform your physician or other care provider if you desire a transfer of care to another physician, care giver or facility.
- To be considerate of others receiving and providing care.
- To comply with facility policies and procedures, including those regarding smoking, maintaining low noise level, and number of visitors.
- To accept financial responsibility for health care services and settle bills promptly.
